

LANDSCAPING

Landscape design is often the first thing people notice when visiting a property. Ongoing property maintenance, all year long, can offer many benefits and can help separate your residence or building from other properties. Landscaping can help increase your property's value, reduce liability and ensure safety for tenants and visitors, potentially decrease heating and cooling expenses, provide health benefits, create privacy, reduce noise, and can offer a beautiful, landscaped outdoor space for everyone to enjoy. Dunham's Lawn Care offers the following commercial and residential landscaping services:

- | | |
|--|---|
| WEED CONTROL & FLOWER BED MAINTENANCE | HEDGE TRIMMING & BRUSH REMOVAL |
| REMOVAL OF LEAVES & OTHER SMALL DEBRIS | YARD RENOVATION |
| PLANT INSTALLATION & DELIVERY | LANDSCAPE DESIGN |
| MULCH INSTALLATION & DELIVERY | FERTILIZING |
| TREE REMOVAL, TREE TRIMMING, & STUMP GRINDING | AERATION |
| COMMERCIAL & LARGE PROPERTY MOWING & TRIMMING | SEEDING |

At Dunham's Lawn Care, nothing gets us more excited than being outside. We pride ourselves on Enhancing Life Outdoors, which is why we strongly believe it's our mission to make your outdoor space, the most desirable and enjoyable part of your property. Let us help you spend more time in your outdoor area with a landscape design that suits your needs.
